- ✓ Magnesium & Calcium helps with strong root formation
- ✓ Calcium improves fruit quality & shelf life
- ✓ Seaweed for overall soil health
- ✓ Australian Manufacturer

Kemgro® Roots Plus is a unique formation of Nitrogen, Calcium, Magnesium as well as Seaweed plus other natural products. Magnesium & Calcium helps to produce strong root formation for the overall health of the plant. Nitrogen is essential for growth, Calcium helps strengthen cell walls for quality fruit and longer shelf life, while Magnesium is the powerhouse behind photosynthesis which gives the plant its colour. Seaweed is added for the overall soil health. Can be applied as a foliar spray, fertigation, or hydroponics. Filtered to 100 microns for easy application.

Note: Kemgro recommends Bowa Spray Activator Surfactant to be used with this product.

**DIRECTIONS FOR USE** Agitate well before use. Always use diluted and do not exceed recommended rate per hectare.

**BROADACRE:** Use at least 80L/ha of water.

**HORTICULTURE:** Use at least 300L/ha of water.

| APPLICATION | RATE/HA                  |
|-------------|--------------------------|
| Foliar      | 2-5L/ha                  |
| Fertigation | 20-30L/ha                |
| Hydroponics | 8-10L per 1000L of water |
